

Evaluate Final Project Rubric

Dimension 1 Self-Management

Reviewer Comment Prompt

- After reading the self-evaluation, comment on the thoroughness of the writer's self-evaluation.
 - Did the writer cover all of the requirements?
 - Was everything clear or should anything be added?
-

INTRO TO INFORMATION TECHNOLOGY

REVIEWER RATING PROMPT 1: EVALUATION OF PROJECT DELIVERABLES (WEIGHT = 1)

Being able to judge the gap between proposed and delivered is valuable throughout the development process.

How honestly and accurately does the student evaluate the differences between the proposed solution and the delivered solution and analyze the reasons for the differences?

Differences are addressed honestly and accurately.

Differences are generally addressed honestly, although the accuracy of some areas could be improved

Differences are not addressed or were minimized or misinterpreted.

REVIEWER RATING PROMPT 2: REFLECTION THOUGHTFULNESS (WEIGHT = 1)

Thoughtfully reviewing and thinking about one's experience with significant tasks such as a final project is an important prerequisite to future learning and professional development.

How thoughtfully does the student reflect upon the experiences and use those experiences to plan for future development and learning in the field of information technology?

The reflection shows a thoughtfulness throughout and there are clear connections to plans for future development and learning.

The student thoughtfully reflects upon the experiences with the project but plans for future development and learning are sometimes unclear or tentative.

The student does not thoughtfully reflect upon the experience with the project or draw any implications for future development and learning.
